Secretary
Federal Communications Commission

Washington, DC 20554

Dear Ms. Searcy,

Please consider delaying the effective date of the Commission's rate regulations.

My reason for asking for a delay is as follows:

I am the General Manager of a member owned (non-for-profit) cable television company located in a rapid growth area. If our CPA and myself understand the benchmark instructions we will have to file a cost of service showing or operate at a considerable loss each year due to our capital intensive situation. It is evident we could not operate at a loss. Therefore, a cost of service form would have to be available and completed within one week.

Thank you in advance for any help you can provide in delaying the rate regulation until cost of service forms are available.

Sincerely,

Kay Russell
